

Interdisciplinary Graduate Program in
Molecular & Cellular Biology

Fall 2012 Workshop & Seminar Series

**“Endosome-Golgi trafficking of receptors during angiogenesis
and epithelial cystogenesis”**

Amit Choudhury, Ph.D.

Assistant Professor of Anatomy and Cell Biology
University of Iowa
Molecular & Cellular Biology Faculty

**“Vesicle-coat associated signal transduction in
cardioprotection and cancer”**

Mark Starnes, Ph.D.

Associate Professor of Molecular Physiology & Biophysics
University of Iowa
Molecular & Cellular Biology Faculty

**Thursday, September 20
1:00-2:00 p.m., 283 EMRB**

PLEASE NOTE THE TIME & LOCATION CHANGES
